

KAREEN ROBBINS & ASSOCIATES, LLC

IMPACT REPORT 2024

WWW.KAREENROBBINSOT.COM

From Karen...

2024 has been a year of growth and success for Karen Robbins & Associates, LLC!

The accomplishments most celebrated are:

1. The completion of (Peer Reviewed) Simply Sensory Processing Modules! These modules are a collection of 4 self-paced, independent online learning opportunities for those who work and live with children. (Also, AOTA-approved for OTs with little knowledge of sensory processing.)

2. All AOTA-approved courses are now approved for independent, on-demand learning! You can learn at your own pace and time! (These are found at www.karenrobbinsot.com and karenrobbinsot.thinkific.com) My professional goal and purpose remain to support you in any way I can to learn, grow, and be confident!

3. I presented at the 2024 Inspire AOTA conference with my little SISTER! (who is also an OT). Also, our non-OT SISTER supported us at our workshop! Orlando was a blast!

In the future, Karen Robbins & Associates, LLC is looking to continue to grow and expand learning opportunities and tools for pediatric therapists! Some areas that will be anticipated are a vestibular and language course, creating more videos to accompany all courses, and performing research on clinical observations for sensory integration and sensory processing.

"Thank you! Excellent course! I love the presenter's passion for the topic!"

"Great course and interactive. Lots of good materials and resources provided."

"This course has to be one of the best I have taken. Very clear presentation of information and flow of the information. Kareen, I loved the examples and personal clinical experiences that you provided to each complex concept. "
